THAT TIME OF YEAR

The snowbirds are taking wing and flocking south to escape the cold. That means expanded tables at Popi's for lunch on Fridays and extra bowls of Popi's world-famous clam chowder. It's good to see familiar faces that have been away for the summer months and hangars filling up once again. For those of us who brave the heat year around, we have been holding your place at the table. Here are some upcoming events to be aware of.
